SPECIALIST APPOINTMENTS USING TELEHEALTH

Kathryn Watson our Community Outreach Nurse can assist with accessing paediatrician/specialist appointments via telehealth using a computer at the school .

Providing this local service will help reduce student time away from school by not having to travel for appointments.

Please call Kathryn at school (Mon-Wed) on 03 5134 1793, for more information.

Principal's Report

We're Back!!

With a few changes we are back in business!!!

It's been an unprecedented period for us all but finally we are back at school and operating pretty much as schools are meant to function.

To our parents and caregivers who been supporting remote learning, on behalf of your child I say a big thanks.

Parents and caregivers have always had an obligation to their children, after all that's the incumbency of having children, however never before have parents and caregivers been asked to support learning so demandingly. It's been a rigorous remote learning period which will hopefully never need to be repeated.

Attached are some of the school level adjustments which have been made to our school routines.

For parents and caregivers the key impacts are: -

- no unauthorised entry onto school site for adults, and
- the amendments to school finishing times (see over).

It may take some time to adapt but please assist us by adhering to social distancing outside the school exits and basically moving on as early as possible.

Dojo Rewards

Next Friday all students who have 150 dojo points have the opportunity to 'purchase' a special lunch order.

Due to COVID restrictions we have been unable to offer many of the previously planned options.

Students do not have to have a lunch order and use their points, and some students may not have accumulated the points or have previously spent them. That's life!!! That's how we all learn to budget, to spend and to save.

School Council Meeting

Our next school council meeting will take place here at school next Thursday, June 18 in our grade 1 area which will allowing appropriate space for social distancing.
